*New Orleans Baptist Theological Seminary prepares servants to follow Jesus,
proclaim his truth, and fulfill his mission.*

Purpose of the Course

This seminar is designed to prepare students for doctoral programs. This seminar can be waived by completing required leveling work and a passing grade on the Entrance Exam. This course is only available to students who have made formal application into a Discipleship and Ministry Leadership doctoral program. Students will enroll in this course through the Discipleship and Ministry Leadership division office.

Core Values

Doctrinal Integrity – Knowing that the Bible is the Word of God, we believe it, teach it, proclaim it, and submit to it. The doctrinal statements used in our evaluations are our Articles of Religious Belief and the Baptist Faith and Message Statement.

Spiritual Vitality – We are a worshiping community, emphasizing both personal spirituality and gathering together as a Seminary for the praise and adoration of God and instruction in His Word.

Mission Focus – We are not here merely to get an education or to give one. We are here to change the world by fulfilling the Great Commission and the Great Commandments through the local church and its ministries.

Characteristic Excellence – What we do, we do to the utmost of our abilities and resources as a testimony to the glory of our Lord and Savior Jesus Christ.

Servant Leadership – We follow the model of Jesus and exert leadership and influence through the nurture and encouragement of those around us.

Annually, the President will designate a core value that will become the focus of pedagogy for the year. The Core Value for 2019-2020 is *Spiritual Vitality*.

Assignments and Evaluation Criteria

Assignment Formatting

- Unless otherwise noted, type all assignments according to the NOBTS Style Guide.

Required Assignments Summary

All required assignments must be completed prior to class meetings. Absences are not allowed in this format. Students may join the seminar via SYNC upon request.

Seminar Assignments

Class Facilitation/Participation

- Each student is expected to participate fully in all seminar sessions having read **assigned** texts before the session.

Book Responses

- Each student should prepare a 3-page response for each **assigned** textbook. These responses are due at the session when the book will be discussed. Responses will be evaluated by the professors.
- A book response (review) is a critical commentary, which involves more than simply summarizing the contents (i.e. don't scan the book and the back cover and look for good quotes to make us think you've read the book—read, underline, outline, take notes, and interact as you read).

Content: The narrative should address the following issues:

- Clear statement of the author's thesis or central argument. Why was the book written? For whom was the book written?
- Citing of material (evidence) that supports the thesis. (You do not have to use direct quotes. Whatever information you use cite parenthetically, i.e. (77-78).)
- Assessment of whether the author succeeded in achieving the purpose of the book.
- Identify the major strengths and weaknesses of the book.
- Locate reviews of the book and summarize some of the viewpoints held by other persons who have evaluated the material.
- Indication of your reaction to the book; how the book has/has not contributed to your insights concerning the subject of the book and your personal ministry. (Were you prompted, influenced, impacted, outraged, ambivalent, and/or disinterested by the author's presentation—did you experience change?).

Primary Paper

Students will submit a 10-12 page paper on assigned topics for each class meeting. The paper will be a synthesis of the assigned reading and complementary research of a particular subtext of the reading. Students are expected to demonstrate academic research, information processing and critical thinking skills. Research and writing instructions will be available during the seminar.

Paper Presentation

Students will present the findings and conclusions from assigned reading and research of an assigned topic for each class meeting. All seminar participants are expected to respond to class discussions and offer constructive criticism of papers and presentations.

Seminar Meetings

Meetings will be held 1:00 – 9:00 p.m. on four selected days during a semester, to complement the EdD/PhD schedule. Location is to be determined. Additional virtual meetings will be conducted through Blackboard as follow up and preparation for campus centric meetings.
