Mission Statement of the Counseling Program

The mission of the NOBTS Counseling Program is to provide training and supervised experience in evidence-based counseling methods to help people deal with life issues in a biblically sound way and prepare students for licensure in counseling and counseling-related professions. We seek to produce graduates who have the values, knowledge, skills, and personal disposition to promote the mental health and holistic wellness of clients across diverse populations.

Course Description

This course is designed to address ethical, legal and practical issues relevant to the practice of professional counseling. The first half of the course will address the following professional counseling topics: Developing personal Ethics; Licensure and certification (LPC, NBCC, AACC); legal matters and potential liabilities; practice management; and the emotional, spiritual, and practical concerns of the practicing Christian counselor. The second half of the course is designed to teach a process of ethical decision making to help increase a student's awareness of ethical practice. Students will examine the code of ethics statements of the Louisiana Licensed Professional Counselors Board of Examiners, the American Association of Christian Counselors and the American Counseling Association. Role-plays and video segments will be utilized to gain an experiential understanding regarding ethical responses to topics such as boundaries issues, moral issues, dual relationships, confidentiality, financial matters, termination processes, and duty to report and warn.

Program Objectives:

- #1. Equip students to synthesize theoretical and empirical knowledge in the field of counseling.
- #2. Train students to have the necessary academic and clinical skills to obtain professional licensure.
- #3. Equip students to develop a deeper understanding of cultural diversity to enhance counseling skills.

Course Requirements/Assignments

Assignment/Requirements & Description	Percent age	Due Date
Book Review: Students will read and review Legal Guidelines for Family Therapists with Selected Ethical Opinions. Each student will read and provide book review discussing ethical, legal, and professional issues as related to counseling couples and families. The review should be no less than two full pages, double spaced, and typed in APA format. It should include a summary of key ideas, identification of guidelines of which the student was previously unaware, and a thoughtful discussion on how the student will apply the knowledge. This review is not to be written in bullet-point form, but it does not need to have a chapter by chapter summary. The rubric for this assignment can be found at the end of the syllabus. Extra credit will be given if the student uses the NOBTS Writing Center’s “The Write Stuff” to proof their paper before submitting it. Read below under course policies for more information.	10%	2/17
Personal essays on selected ethical issues: This assignment is an embedded assignment that will be completed by all students for all sections of this course. The rubric for grading this assignment is attached to this syllabus. Please complete the	20%	3/24

assignment in accordance with the syllabus and the attached rubric. Each student will select one of the ethical dilemmas provided in class and work through this dilemma. The essay will consist of four sections: 1. Work through the 8 Steps Model 2. Ethical Codes (minimum of 3 related codes) 3. Summary of at least 3 peer reviewed journal articles and 2-4 additional scholarly sources. 4. Final decision on how to handle the ethical dilemma. The paper should reflect the results of personal study, research, and thoughts related to given ethical and professional issues. The essay is to be 5-7 pages in length, double spaced, and typed in APA format. Students should avoid writing in first person. To write an outstanding paper, you will need to show evidence that you have read the relevant material in the textbook and that you have done supplementary reading on each issue in question (use peer reviewed journal articles, chapters from books listed at the end of the chapters in your textbook, professional liability insurance company publications). This is a THOUGHT PAPER and not merely a summary of information paper. Take a SPECIFIC position, show why you take such a position, and then develop your own viewpoints by giving reasons for the statements you make. The paper should be designed to specifically interact with the 8 Steps in Ethical Decision Making listed in your textbook. Extra credit will be given if the student uses the NOBTS Writing Center's "The Write Stuff" to proof their paper before submitting it. Read below under course policies for more information.		
Role Plays This course will involve interactive discussions revolving around student created and led role plays. Students should come to class having completed all the reading assigned for the week and be prepared to interact with the role play groups. By the beginning of each class period for the remainder of the semester, students should come to class having already read each succeeding chapter. Students will be responsible for presenting a role-play related to an ethical dilemma from that chapter's material. One of the students from this group will serve as an expert (consultant) during the in-class role play. A specific ethical dilemma should be presented and the student serving as the ethics consultant should present specific information on each of the eight steps in making ethical decisions, address related codes of ethics, and engage the class in a discussion.	10%	Topics, groups, and dates will be assigned in class.

Students will be notified in advance of their assigned date to serve as either the ethics consultant or role-play participant. On the assigned date, you will be responsible for sharing with the class your central question, designing a role play vignette and presenting your findings regarding the steps in making an ethical decision. If you fail to attend class or on a day you are assigned to present, you will be given a grade of "0" for that assignment.		
LPC Code of Ethics Quiz: The Louisiana Professional Counselors Board publishes a Code of Ethics under which all LPCs in the state are required to operate. Students will take an open book test over the codes during Week 3 of the semester. In order to prepare for this quiz, students should print the Ethical Codes listed on the LPC website (www.lpcboard.org), review these codes, and be familiar enough with the codes to complete a timed quiz on blackboard.	5%	2/3
Ethics in Action DVD and Workbook: Watch the vignettes demonstrating ethical situations and complete the workbook in its entirety. Workbooks will be collected the last day of class.	15%	4/28
The Mid-Term Exam This exam will be over selected portions of the text, Legal Guidelines for Family Therapists with Selected Ethical Opinions and class lectures. Students are responsible for taking notes in class as all lecture content will not be available on Blackboard.	20%	3/3
The Final Exam This exam will consist of questions related to material from Corey's text, lectures, guest speakers, and class discussions.	20%	5/2

Students are required to pass this course with a grade of B or higher in order to begin practicum and internship.

Academic Honesty Policy

All graduate and undergraduate NOBTS students, whether on-campus, internet, or extension center students, are expected to adhere to the highest Christian standard of honesty and integrity when completing academic assignments for all courses in every delivery system format. The Bible provides our standard for academic integrity and honesty. This standard applies whether a student is taking tests, quizzes, exams, writing papers, completing Discussion Boards, or any other course requirement.

Plagiarism on Written Assignments

NOBTS has a no tolerance policy for plagiarism. Plagiarism in certain cases may result in expulsion from the seminary. See the NOBTS Student Handbook for definition, penalties, and policies associated with plagiarism.

Disabilities and Accommodations

New Orleans Baptist Theological Seminary does not discriminate against applicants/students on the basis of personal disabilities. The Seminary, in voluntary compliance with the American Disabilities Act, will provide reasonable institutional accommodations, modifications, and adjustments to enable and empower students with disabilities to participate in Seminary programs and activities to the fullest extent possible. However, NOBTS cannot support accommodations that place undue hardship on the Seminary or its resources or which alter the essential requirements of curriculum and academic progress. While the seminary does not provide direct assistance to students in the form of equipment or personnel, accommodations may be made by individual professors at their discretion. These accommodations usually take the form of early access to lecture materials in electronic format and additional time to complete tests and assignments. The most efficient way to pursue such accommodations is to provide the Director of Testing and Counseling (Dr. Jeff Nave, jnave@nobts.edu, 504-282-4455 ext. 8004) with documentation of the condition for which you seek accommodation, an explanation of helpful accommodations received in the past, and a description of the specific accommodations you desire. The Director of Testing and Counseling will document your request and communicate on your behalf with the professors who teach the course(s) for

which you are registered. The seminary reserves the right to consider each request for “special” accommodations on a case by case basis pursuant to the criteria enumerated above.

Diversity

The Counseling Program at NOBTS affirms the Christian doctrinal position that God created man in His own image, and that Christ died for man; therefore, every person of every race possesses full dignity and is worthy of respect and Christian love. We believe the counseling profession affords our students and graduates the opportunity to be “salt and light” (Matthew 5:13-16) whatever their places of service, and that a robust appreciation for and sensitivity to human diversity is key to that end. Further, a learning environment diverse in its people, curricula, scholarship, research, and creative activities expands opportunities for intellectual inquiry and engagement, helps students develop critical thinking skills, and prepares students for social and civic responsibilities. Students and faculty benefit from diversity. The quality of learning, research, scholarship, and creative activities are enhanced by a climate of inclusion, understanding, and appreciation of the full range of human experience. We are committed to nurturing and training a diverse student body in an atmosphere of mutual respect and appreciation of differences. As a result, the counseling program is committed to diversity and equal opportunity and recognizes that it must represent the diversity inherent in American society, reflected in our local community, and aligned with the core values of the NOBTS community.

The student is expected to interact with other students in a fashion that will promote learning and respect for the opinions of others in the course. A spirit of Christian charity is expected at all times in the online environment.
