Title: How Can I Help My Church Become More Emotionally Healthy?

Description: The workshop will investigate the concept of emotionally healthy spirituality, and its implications in the context of a local church. Participants will be exposed to principles and practices of emotionally healthy spirituality. Special attention will be given to strategies to implement emotionally healthy spirituality in the context of a local church.

Objectives:

1. To define principles of emotionally healthy spirituality
2. To explore characteristics of an emotionally healthy leader
3. To examine implications of emotionally healthy spirituality in the context of a local church
4. To develop local church strategies for implementation of emotional healthy spirituality
