Title: Sexual Addiction and Shepherds: Helping Ministers and Their Churches Prevent and Recover from Sexual Addiction

Description: Ministers are no strangers to the struggle with sexual addiction. With behaviors ranging from pornography use to sexual misconduct with church members, the consequences can be devastating for everyone involved. This workshop will help professional counselors offer wise counsel to ministers and churches as they try prevent or recover from sexual addiction.

Objectives:

1. Identify the unique risk factors and dynamics of sexual addiction for ministers.
2. Review intervention strategies for ministers and their families.
3. Explore suggestions for helping congregations recover from the disclosure of a minister's sexual addiction.
