Title: Undressed to Kill: The Destructive Power of Internet Pornography and Addiction

Description: This presentation will aid the participant in understanding the destructive nature of internet pornography upon the individual today. Misconceptions about pornography will be examined as will be the allure of pornography for both males and females will be discussed. A brief overview of the history of pornography will be a part of the presentation along with the major reasons why people access pornography today. Alternative suggestions to help those struggling with pornography will be suggested and discussed.

Objectives: Participants will:

1. Learn just how pervasive Internet Pornography has become in our life today.
2. Examine the differences of Internet Pornography's appeal to men and women.
3. Apply solutions to help those struggling with addiction to Internet Pornography.
