The mission of New Orleans Baptist Theological Seminary is to equip leaders to fulfill the Great Commission and the Great Commandments through the local church.

Purpose of the Course

The purpose of this course is a continuation of biblical Greek grammar in order to gain competency in reading and translating the Greek New Testament.

Core Value Focus

The course will emphasize the seminary's current core value focus assigned annually by the Administrative Council. This year's core value focus is Spiritual Vitality. We are a worshipping community emphasizing both personal spirituality and gathering together as a Seminary family for the praise and adoration of God and instruction in His Word.

Curriculum Competencies Addressed

NOBTS has seven basic competencies that guide our Masters degree programs: Biblical Exposition, Theological Historical Perspective, Effective servant leadership, Interpersonal Relationships, Disciple Making, Worship Leadership, and Spiritual and character formation. This course especially addresses the "Biblical Exposition" competency by means of helping the student to study God's Word to know and understand Him and His revelation.

Course Description

This course is designed for an intermediate-level study of Greek grammar with an emphasis on syntax and an introduction to exegetical methodology.

Learning Objectives

A. Cognitive Goals: Knowledge

- (a) To familiarize the student with the major tools of Greek exegesis.
- (b) To introduce the student to exegetical methodology.
- (c) To better understand the fundamentals of Greek syntax.

B. Practical Goals: Skills

To improve the student's skill in following the Greek text. The goal of the course is not to give the student ability as a translator but rather sufficient skill to follow the Greek text along with Korean translations in preparation for teaching and preaching.

C. Affective Goals: Personal Impact

To gain a greater appreciation for the Bible as God's holy, inspired, and infallible Word.
