

NOBTS_PUBLIC Wireless Setup for Windows 10

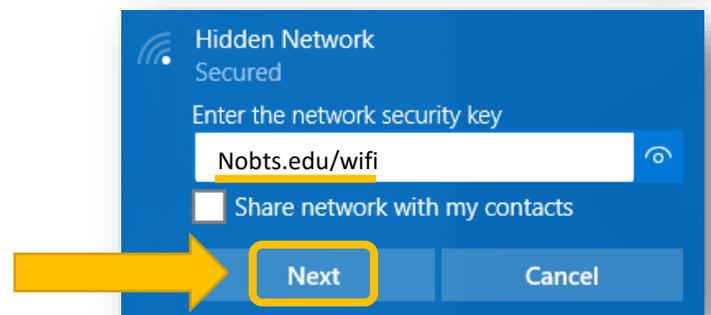

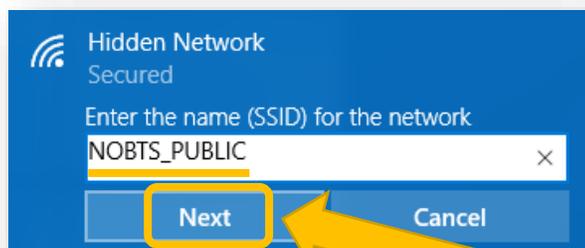

1. Look to the **Network Connectivity** icon on your taskbar. (Bottom-Right) **Left-click** the icon, a menu will appear.

2. Select **“Hidden Network”**. Select the checkbox to **“Connect automatically”** and then click **“Connect”**.

3. Enter the network name (SSID) **“NOBTS_PUBLIC”** and select **“Next”**.
4. Enter the network security key (password) **“Nobts.edu/wifi”** and select **“Next”**.

5. **You are now connected!** Upon your first logon, a pop-up window will appear asking you to agree to our terms and conditions of service. Please read the acceptable use policy carefully, select the checkbox and click **“Continue”**. You will then be redirected to our website upon successful authentication. (If a pop-up window does not appear, simply open your browser and search for any website; you will then be redirected to the terms and conditions page.)

NOTE TO ALL PUBLIC WIRELESS USERS!

Our internet service provider (ISP) has informed us of periodic malicious and illegal activity detected of users on our network. Due to the seriousness of this issue, we are continually forced to tighten our security parameters and limit certain functions on our wireless network. **IF YOU ARE CAUGHT PARTICIPATING IN SUCH ACTIONS** (Such as the downloading or distributing pirated, illegal, or indecent content), **YOUR COMPUTER WILL BE RESTRICTED FROM CONNECTING TO OUR NETWORK AND YOUR INFORMATION WILL BE GIVEN TO THE APPROPRIATE AUTHORITIES.**
