Mission Statement

New Orleans Baptist Theological Seminary and Leavell College prepare servants to walk with Christ, proclaim His truth, and fulfill His mission.

Mission Statement of the Counseling Program

The mission of the NOBTS Counseling Program is to provide training and supervised experience in evidence-based counseling methods to help people deal with life issues in a biblically sound way and prepare students for licensure in counseling and counseling-related professions. We seek to produce graduates who have the values, knowledge, skills, and personal disposition to promote the mental health and holistic wellness of clients across diverse populations.

Core Value Focus

The seminary has five core values: Doctrinal Integrity, Spiritual Vitality, Mission Focus, Characteristic Excellence, and Servant Leadership. The core value focus for this academic year is **Mission Focus**.

Curriculum Competencies

All graduates of NOBTS are expected to have at least a minimum level of competency in each of the following areas: Biblical Exposition, Christian Theological Heritage, Disciple Making, Interpersonal Skills, Servant Leadership, Spiritual and Character Formation, and Worship Leadership. The curriculum competencies addressed in this course are: interpersonal skills, servant leadership, and spiritual/character formation.

Syllabus Distribution

This syllabus will be made available via blackboard one week prior to the first day of class. Due to regular semester updates, any version accessed prior to this date may contain inaccuracies.

Course Description

In this seminar, books and readings are selected to challenge the student's thinking about the role of the client's spirituality in the counseling process, the formation and practice of personal spirituality as a component of the functional process of relating to clients, and to aid the student in the practice of Christian counseling that engages the spiritual dimension of both self and client.

Program Objective #4: Research and Scholarship: Be able to critically analyze and evaluate scholarly research, develop and implement research designs, and produce scholarly reports that disseminate findings to the profession of counseling.

Course Objectives

Course Objectives	Learning Experiences	Assessments
Upon completion of this colloquium members will have a greater awareness of the definitions and experiences of spirituality that professional counselors encounter in their clients and the broader world. Members will be better able to articulate and evaluate their own spiritual experiences and those of others. Students will understand theories and explanations of human spirituality common to the fields of mental health research and counseling; and biblical teaching as it relates to this area of practice. By understanding these content areas, members will be better prepared for teaching and research in the field of counseling. Read the required texts in their entirety. Be prepared to respond to objective questions about the content of the assigned books even if you are not responsible for leading the discussion on a particular book. Members are responsible for taking initiative in the group discussion, demonstrating comprehension and application of the texts. Evidence of reading the material must be clearly demonstrated during class. It is the student's responsibility to speak up and make evident his/her knowledge and application of the material in the class meeting(s). It is not sufficient to comment on other student's observations. A lack of original contribution to the discussion may be viewed as poor preparation on the student's part and will result in a failing grade for the course.	30%	Books as scheduled for review

Academic Honesty Policy

All graduate and undergraduate NOBTS students, whether on-campus, internet, or extension center students, are expected to adhere to the highest Christian standard of honesty and integrity when completing academic assignments for all courses in every delivery system format. The Bible provides our standard for academic integrity

and honesty. This standard applies whether a student is taking tests, quizzes, exams, writing papers, completing Discussion Boards, or any other course requirement.

Classroom Participation/Active Dialogue

Student participation is expected. Class interaction is an important and valuable aspect of the learning environment where we can experience the truth of the Great Commandment by truly knowing one another.

Disabilities and Accommodations

New Orleans Baptist Theological Seminary does not discriminate against applicants/ students on the basis of personal disabilities. The Seminary, in voluntary compliance with the American Disabilities Act, will provide reasonable institutional accommodations, modifications, and adjustments to enable and empower students with disabilities to participate in Seminary programs and activities to the fullest extent possible. However, NOBTS cannot support accommodations that place undue hardship on the Seminary or its resources or which alter the essential requirements of curriculum and academic progress. While the seminary does not provide direct assistance to students in the form of equipment or personnel, accommodations may be made by individual professors at their discretion. These accommodations usually take the form of early access to lecture materials in electronic format and additional time to complete tests and assignments. The most efficient way to pursue such accommodations is to provide the Director of Testing and Counseling (Dr. Jeff Nave, jnave@nobts.edu, 504-282-4455 ext. 8004) with documentation of the condition for which you seek accommodation, an explanation of helpful accommodations received in the past, and a description of the specific accommodations you desire. The Director of Testing and Counseling will document your request and communicate on your behalf with the professors who teach the course(s) for which you are registered. The seminary reserves the right to consider each request for "special" accommodations on a case by case basis pursuant to the criteria enumerated above.

Diversity

The Counseling Program at NOBTS affirms the Christian doctrinal position that God created man in His own image, and that Christ died for man; therefore, every person of every race possesses full dignity and is worthy of respect and Christian love. We believe the counseling profession affords our students and graduates the opportunity to be "salt and light" (Matthew 5:13-16) whatever their places of service, and that a robust appreciation for and sensitivity to human diversity is key to that end. Further, a learning environment diverse in its people, curricula, scholarship, research, and creative activities expands opportunities for intellectual inquiry and engagement, helps students develop critical thinking skills, and prepares students for social and civic responsibilities. Students and faculty benefit from diversity. The quality of learning, research, scholarship, and creative activities are enhanced by a climate of inclusion, understanding, and appreciation of the full range of human experience. We are committed to nurturing and training a diverse student body in an atmosphere of mutual respect and appreciation of differences. As a result, the counseling program is committed to diversity and equal opportunity and recognizes that it must represent the diversity inherent in American society, reflected in our local community, and aligned with the core values of the NOBTS community.

This service is used only in emergencies, and will allow the seminary to deliver urgent information to you as needed.

Each student is expected to demonstrate appropriate Christian behavior when working online on Discussion Boards or whenever interaction occurs through web, digital, or other electronic medium. The student is expected to interact with other students in a fashion that will promote learning and respect for the opinions of others in the course. A spirit of Christian charity is expected at all times in the online environment.
