**Mission Statement**

New Orleans Baptist Theological Seminary and Leavell College prepare servants to walk with Christ, proclaim His truth, and fulfill His mission.

**Mission Statement of the Ph. D. CES Program**

The mission of the Ph.D. in Counselor Education and Supervision program is to prepare, in a biblical call to service and ministry, competent counselor educators, supervisors, clinical practitioners, researchers, scholars, leaders, and advocates.

**Purpose of Course**

The Ph.D. Counselor Education and Supervision Internships provide students with an integration of academic course work and applied learning experiences. Students are expected to master course work considered essential to the doctoral level professional preparation of counselor leaders who seek to offer services consistent with a biblical worldview. These courses will address the curriculum competency component of Christian Counseling in the Ph.D. Counselor Education and Supervision degree.

**Core Values Focus**

The seminary has five core values: Doctrinal Integrity, Spiritual Vitality, Mission Focus, Characteristic Excellence, and Servant Leadership. The core value focus for this academic year is Mission Focus. What we do, we do to the utmost of our abilities and resources as a testimony to the glory of our Lord and Savior Jesus Christ.

**Curriculum Competencies**

All graduates of NOBTS are expected to have at least a minimum level of competency in each of the following areas: Biblical Exposition, Christian Theological Heritage, Disciple Making, Interpersonal Skills, Servant Leadership, Spiritual and Character Formation, and Worship Leadership. The curriculum competency addressed in this course is Servant Leadership: To serve clients and the public effectively.

### Course Catalog Description

The Doctoral Internships provide supervised experiences in teaching, supervision, leadership and advocacy, counseling, and research and scholarship. Each student develops the internship program according to the areas identified by the student and advisor that are necessary for comprehensive preparation as a counselor educator and supervisor and that are relevant to the specific career goals of each student. Each Doctoral Internship requires a total of 300 hours of work experience in the professional areas selected by the student, and 120 hours of the 300 hours must constitute direct service to clients, students, supervisees, or professionals. Individual or triadic supervision meetings with a faculty supervisor or a qualified supervisor, as well as regular group supervision meetings with a faculty supervisor are required. The internship offers psychosocial support, role modeling, and professional development in counselor education and supervision.

### Program Objectives:

Program Objective 1--Counseling: Students should be able to critically analyze, evaluate, and synthesize a broad range of counseling theories, with an advanced understanding of psychopathology, to inform case conceptualization and deliver and evaluate evidence-based interventions across diverse populations and settings.

Program Objective 2--Supervision: Students should be able to apply supervision theory and skills to clinical supervision.

Program Objective 3--Teaching: Be able to demonstrate course design, delivery, and evaluation methods appropriate to counselor education learning outcomes.

Program Objective 4--Research and Scholarship: Be able to critically analyze and evaluate scholarly research, develop and implement research designs, and produce scholarly reports that disseminate findings to the profession of counseling.

Program Objective 5--Leadership and Advocacy: Be able to provide leadership and advocacy within the profession and on behalf of its clientele.

Course Objectives and Assignments are grouped by the five areas of focus. One Internship will consist of one the five areas of focus, and the other Internship will consist of two areas of focus not previously studied. During the semester of two areas of focus, the student must complete 60 direct hours and 150 Indirect hours in each area. In both Internship 1 and 2 the area(s) of focus must be clearly identified, and all assignments related to each area must be completed. Any assignments not completed or poorly completed will result in a Fail rather than a Pass grade.

## Course Policies

### Disabilities and Accommodations

New Orleans Baptist Theological Seminary does not discriminate against applicants/ students on the basis of personal disabilities. The Seminary, in voluntary compliance with the American Disabilities Act, will provide reasonable institutional accommodations, modifications, and adjustments to enable and empower students with disabilities to participate in Seminary programs and activities to the fullest extent possible. However, NOBTS cannot support accommodations that place undue hardship on the Seminary or its resources or which alter the essential requirements of curriculum and academic progress. While the seminary does not provide direct assistance to students in the form of equipment or personnel, accommodations may be made by individual professors at their discretion. These accommodations usually take the form of early access to lecture materials in electronic format and additional time to complete tests and assignments. The most efficient way to pursue such accommodations is to provide the Director of Testing and Counseling (Dr. Jeff Nave, [jnave@nobts.edu](mailto:jnave@nobts.edu), 504-282-4455 ext. 8004) with documentation of the condition for which you seek accommodation, an explanation of helpful accommodations received in the past, and a description of the specific accommodations you desire. The Director of Testing and Counseling will document your request and communicate on your behalf with the professors who teach the course(s) for which you are registered. The seminary reserves the right to consider each request for “special” accommodations on a case by case basis pursuant to the criteria enumerated above.

## **Diversity**

The Counseling Program at NOBTS affirms the Christian doctrinal position that God created man in His own image, and that Christ died for man; therefore, every person of every race possesses full dignity and is worthy of respect and Christian love. We believe the counseling profession affords our students and graduates the opportunity to be “salt and light” (Matthew 5:13-16) whatever their places of service, and that a robust appreciation for and sensitivity to human diversity is key to that end. Further, a learning environment diverse in its people, curricula, scholarship, research, and creative activities expands opportunities for intellectual inquiry and engagement, helps students develop critical thinking skills, and prepares students for social and civic responsibilities. Students and faculty benefit from diversity. The quality of learning, research, scholarship, and creative activities are enhanced by a climate of inclusion, understanding, and appreciation of the full range of human experience. We are committed to nurturing and training a diverse student body in an atmosphere of mutual respect and appreciation of differences. As a result, the counseling program is committed to diversity and equal opportunity and recognizes that it must represent the diversity inherent in American society, reflected in our local community, and aligned with the core values of the NOBTS community.

## **Professor’s Availability and Assignment Feedback**

The student may contact the professor at any time using the email address provided in the course syllabus. The professor will make every effort to return answers to emailed questions within a 24-hour period of time. Assignments requiring grading will be returned to the student within a reasonable period of time. Student feedback on graded assignments will be provided through the grading rubric located in the student’s Blackboard Grade Book. The student will find comments in the grading rubric, as well as on graded paper assignments.

## **Help for Writing Papers at “The Write Stuff”**

“The Write Stuff” is the official NOBTS Writing Center online help site for writing academic papers and essays. <http://www.nobts.edu/writing/default.html> You will discover writing guides, tips, and valuable information to help you become a better writer. Go here for APA style helps and guidelines. You will also find language fonts for Greek and Hebrew.

## **Academic Honesty Policy**

All graduate and undergraduate NOBTS students, whether on-campus, internet, or extension center students, are expected to adhere to the highest Christian standard of honesty and integrity when completing academic assignments for all courses in every delivery system format. The Bible provides our standard for academic integrity and honesty. This standard applies whether a student is taking tests, quizzes, exams, writing papers, completing Discussion Boards, or any other course requirement.

## **Plagiarism on Written Assignments**

NOBTS has a no tolerance policy for plagiarism. Please be aware that plagiarism in certain cases may result in expulsion from the seminary. Refer to the NOBTS Student Handbook [http://www.nobts.edu/\\_resources/pdf/student-services/NOBTSHandbook.pdf](http://www.nobts.edu/_resources/pdf/student-services/NOBTSHandbook.pdf) where the definition, penalties and policies associated with plagiarism are clearly defined.

## **Classroom Parameters**
